

## How To Master Simple PHP In 17 Easy Lessons

### Simple PHP with Robert Plank

You know his name. . .and, unless you've been hiding under a rock, you have seen his work (Lightning Track, RedirectPro, TurboThanks, CodeWarden, Ezine Rocket, and Hypersplitter.) Now, he shows you how he does it!

Not only can you see how he does it, but each chapter uses **intuitive, interactive instruction**, closing with an assignment to complete before progressing to the next chapter.

As if that wasn't enough, you also get to take a **quiz** after each lesson and grade it yourself. You will learn why PHP is the preferred choice by programming professionals.

Ever wonder how come your name shows up peppered throughout a sales page or html email? **Simple PHP** teaches you how to do that.

What about protecting your content with password protection? Or an up to the minute calendar?

Learn how to create your own simple Autoresponder program.

How about this: Have you ever wished you could have one of those neat "Joke of the Day" or "Quote of the Day" features that you see on so many sites? Well, **now you can** and you'll be amazed at just how simple it is with **Simple PHP**.

Learning to use **Simple PHP** on your web site will save you tons of cash in the long run. The conversational tone of the lessons is sheer brilliance. These lessons are written just as if Robert was sitting right next you, guiding you all the way through.

Having a copy of **Simple PHP** in your arsenal of tools is a "no-brainer." Just one of the scripts he provides will save you way more than the few dollars you are about to spend to buy your own copy.

Go ahead. . .it's really **simple**. Click the link and grab your own copy of this time saving, money saving tutorial now!

# About The Author

**Robert Plank**

Simple PHP is written by Robert Plank, the brilliant young PHP coder who, through his hard work and determination, has become a PHP coder to contend with.

Besides writing tutorials on PHP, Robert is a working practical coder who has written the codes for a number of high profile web sites including:

- Lightning Track
- Redirect Pro
- Turbo Thanks
- Code Warden
- eZine Rocket
- Hypersplitter
- RotatorBlaze
- and countless others.

With Simple PHP he has done a remarkable job. It is informative yet simple to understand and implement. His sense of humour and personality shine through in his writing making this a fun read as well as an informative reference book.

Even the technically impaired can and do gain a working knowledge of PHP coding using the examples and lessons from this ebook.

Robert lives in San Jose, California, and enjoys the internet both as a hobby and a business medium. He also has an informative newsletter to help you carry on learning from his experience.

### **The Science Of Getting Rich** (by Wallace D. Wattles)

"There is a Science of getting rich, and it is an exact science, like algebra or arithmetic. There are certain laws which govern the process of acquiring riches; once these laws are learned and obeyed by any man, he will get rich with mathematical certainty." By Wallace D. Wattles

The Science of Getting Rich by Wallace D. Wattles teaches you the laws of acquiring riches in a profound and timeless, fast-reading, manual for success. This classic is so highly acclaimed that many editions are available and people are applying this wisdom to all areas of life.

If you don't already own The Science of Getting Rich, you are missing what might just be the most important formula for success ever written.

### **Think & Grow Rich** (by Napoleon Hill)

Napoleon Hill shares his brilliant philosophy and practical techniques for achieving your financial goals, reaching your highest potential, and ultimately creating a life that brings you greater personal happiness. This book teaches you how to harness the awesome mental magic of your mind. You are given a blueprint for self-mastery. You learn there are no limitations to what you can accomplish; only those you impose on yourself.

Perhaps no other "success" book has influenced more people than Napoleon Hill's Classic "Think and Grow Rich." Since its introduction in 1937, millions of copies have been sold around the world. It still remains one of the top selling books of its kind.

### **The Law of Success** (by Napoleon Hill)

“Teaching, for the first time in the History of the World, the True Philosophy upon which all personal success is Built. “

“The Law of Success”, is written by Napoleon Hill, the author of the world-famous “Think & Grow Rich”.

### **Meditation: The Inward Journey** (by Blair Lewis)

In ancient times, we used Mother Nature's herbs and fresh foods to help us heal. Then, for millennia, we ignored all of this. Today, modern medicine is re-awakening knowledge about herbs, nutrition, and natural healing. Why? Because ancient methods were effective and have a very long tradition of helping us. We are seeing today that they still work.

Ancient knowledge of meditation is also coming back. This inward science can lead us to the heights of spiritual wisdom and worldly success.

### **101 Romantic Ideas** (by Michael Webb)

Michael Webb has shared his famous romantic tips and ideas with over 500 TV and radio shows. Now you can get them for free in his book “101 Romantic Ideas”... It will help you in improving your relationship with your lover.
