

EARN WITHOUT TO SPEND

README, IT IS IMPORTANT

Hi to everybody,

surely you will know the “system of profit” elaborate with the account PayPal, nevertheless it has had a scarce output because of his/her 5 cost \$ initial...

They are by now months that I sail with the hope to find an easy and sure way “to make online money” and I finally think about having found the solution:

the “system” it is the same of that of PayPal, but difference is that it is Free...

The site <http://www.inboxdollars.com/?r=mattot>

offer the opportunity to earn playing, reading advertising e-mail, sticking to commercial offers (free and not), visiting sites sponsor and for every affiliate gives 5.00 \$! ... and it is to this point that I have decided to write this post, my intention and to make to depart this new system.

At the end of the page there is a list of 5 links, your assignment is to record you to the site (Free click rather you will receive 5.00 \$of bonus) using the first one of the links and click on “Join free!” Fact this you will have to cancel the first link, to climb all the others and to insert yours “referral link” (you/he/she will be sent you for email after the recording) to the last place.

All this because? Recording you with that links you will be affiliate of his/her holder and you will make him earn 5.00 \$... Now how much more publicities you will do to this post (copy it and glue everywhere it: in your announce, publish it in internet, on emule, sends email to parents and friends, etc.) so many more people are better it is, (and you will have given him 5 \$); when your link will have reached the first position, they will become your affiliates and they will make you earn a beautiful.

Does think if every person that reads this post involves others of it 10 (who doesn't know at least 10 people?) to every *port link* he activates an exponential growth.

My proposal is: “it tries, however goes it is Free everything”, (rather you earn an 5 \$) if you are sceptic it consults the site and verification.
