TEST 5

INSTRUCTIONS

This is a multiple choice test designed to help you review the material you have studied in lesson one. You must select one of the lettered answers. Only one is correct, the other choices are wrong unless the test indicates otherwise. Try to answer the questions without looking back to the written lesson, but if you have difficulty determining the correct answer, then review that part of the lesson. We expect you to do this, so don't worry—it won't be cheating! Send your answers to our offices at the address below where we will grade them and notify you of your score.

You are ready to begin your test.
