TO THE USERS AND ALL THIRD PARTIES: This CD is "as is" by using this CD you agree to indemnify LIM, Mr. McQuick or anyone affiliated with the production or distribution, including websites, hosting and any other third parties, from any liability that might arise from it's use. To those third parties, this is inherently agreed upon production/distribution by this statement regardless of any prior or later agreement; which this overrides them all at any given time and hence behooves you to read and take note of. IF YOU DO NOT AGREE WITH THIS DISCLAIMER DO NOT OBTAIN AND USE OR PRODUCE AND DISTRIBUTE THIS CD or anything from LIM or Mr. McQuick.

GENERAL: This CD is "Not For Sale" or a commercial output, where it maybe offered for sale is done so you may get a copy if you please, otherwise it can be freely downloaded or reproduced unaltered. Any proceeds received are mainly to cover the cost of doing so, to the third party publishers/distributors and designer (cost of production); LIM, Mr. McQuick or anybody, does not receive any money as producer(s) of this CD or profits, neither claim copyright to any gather content on it. It is simply originally created or gathered materials used by this ministry (non-profit) over the years. This CD is free, no fee is directly charged and we receive no revenues from advertisements or endorsements. Third party distributors (cafepress, lulu, site hosting, etc) are not affiliated in anyway to this ministry, founder or anyone in relation to this Christian outreach. They are simply that, distributors that have waived connection to us and cannot be held liable to anything or incur any damages, costs, losses, or expenses via any so-called third party rights infringement; this is inherently agreed upon production by this statement regardless of any prior or later agreement. Nonetheless, no infringement cannot be incurred on any front (they to me or you to them). Also, to all, bear in mind that this is a Christian venture not for profits or gain but distribution; even promotion of other person's work, example, a shareware or book. Such promotion should boost notability and sales to that said creator/author, as a radio disc jockey playing the best tunes of day. Likewise materials of others, with no copyright infringement as this is not a commercial out, might be featured here because we thought to tell and share to the world the superb quality thereof and that they must go out to their stores and get it from the creator/author. Most are Christians, who are not given to such commonly abusive exercise of litigation (1 Corinthians 6:1-8), but if anyone notice their work and want it removed, we will definitely attempt to do so immediately; as we respect the wishes of others, even prevention of unnecessary litigation to a volunteer incomeless Christian ministry that barely survives by the grace of God. The same goes for graphics used on the disc and other CD design, all were free graphics obtain from the W3 years ago from an oversees website from oversees eastern artist, with no copyright or disclaimer notice to them, which should not incur infringement as well, being like the method obtained this exploit is free and not commercial oriented; much gratitude to the unnoticed artists, whom I can't recall at the moment but offered free graphics to the site users, nonetheless, in respect, the former sentence offertory is also given.

RESPECT OF RIGHTS: Warning for controversial reasons, any person, including those affiliated with any government, police, investigative agencies or any agency, local, regional or even universal; you cannot enter our computer or download files from our computer or third party site. If you enter our computer you are not agreeing to these terms and you are violating code 431.322.12 of the Internet Privacy Act signed by Bill Clinton and that means that you cannot threaten my ISP or any person (s) or company storing these files, and cannot prosecute any person(s) affiliated with my site: Which includes family, friends, ministry or individuals who run or enter sites of acquisitions, nor third party distributors. The Patriot Act infringe on constitutional rights of citizens and residents. However, given the condition to which we have come to since Sept 11, 2001 it might seem feasible, but only to overt and obvious suspects, most notably those who obviously have ties with clear admitted terrorist organizations; which I have no such ties whatsoever, being somewhat a destitute Christian preacher and resident of a republic that fosters the freedoms needed for a person such as me and my cause to exist. Hence, all government agencies or any body nationally and worldwide has no legal right to violate my wishes of contents placed on my sites, blogs, articles, papers, magazines, books, CD or any other means facilitated to communicate a message. It also behooves you to read Part 2, Section 3, Clause 5 of the Student Manifesto on my constitutional rights. By acquiring and/or opening this CD, you agree to all of the above, otherwise you must desist from reading or mention/utilize that you have ever read and do not go any further!
